Antecedent

Behavior

Consequence

<p>What happened just before the behavior? What was the child doing? What were you doing? What were other people in the room doing? What was happening in the room?</p>	<p>What did the child do? Describe the behavior and define the terms. Don't give reasons for the behavior.</p>	<p>What happened next? What did you do (even if you did not plan to do it)? What did the other people do? Describe the event.</p>
